

THE INCREASE OF WICKEDNESS

By Bobby Blanton

The displays of senseless violence, murder, and mayhem we have witnessed this week is part of the fourfold judgment upon America. God is allowing a new phase of demonic activity upon this country, and it is going to continue to escalate as God continues to judge our nation.

Our city streets have become wicked. Many of them are unsafe even in the daytime. Gang violence has increased, drive-by shootings and other random violence have become standard fare as people have become more brutal.

The Spirit of lawlessness that is breaking out all across America has spread to younger age groups. Teenagers have lost all respect for authority, so many have become hard-hearted and violent. Look at them on the city streets all over America this week!

Because we have rejected objective truth and the foundation of all that is good, we no longer even know the difference between good and evil. Our consciences have been so seared we are no longer offended by evil but tolerate it.

Just twenty years ago we would have been appalled, even outraged, by the decadence and debauchery that daily fills our streets, TV shows, movie screens, video games, businesses, and political bodies. But today we rarely give it a second thought. In fact, we often give it our approval, or at least fail to speak out against it. We have rejected personal and social responsibility and learned to blame anyone or anything else for our problems and failures. The American ideal today is me first to do what I want, when I want, to whom I want, regardless of who or what it may hurt. The Bible says that "Because of the increase of wickedness, the love of most will grow cold." Matthew 24:12 and verse 13..."But the one who perseveres to the end will be saved."

We now have a President that stands openly for the things that God is against and takes great pride in doing so. He campaigned with these things as the reasons why you should vote for him and re-elect him and the people said 'Yes'. And we voted him in because he is the manifestation of what is inside our hearts as a nation. He is the embodiment of our spiritual dysfunction, the living, breathing representation of our disdain for the commandments of a Holy God. We have told God that we will no longer follow His ways nor submit to His commandments, and God has given us a king to rule over us to fulfill that desire. As a nation, we have been given over to judgment, to uncleanness, to, as the bible says, a 'reprobate mind'. We cannot repent because we don't think we have done anything wrong. We see ourselves as progressive, open-minded, non-judgmental and all-inclusive, and not as wicked, vile, sinful and rebellious against God as His word says we are. We have changed the Truth of God into the lie of the Devil, and God has given us a king to rule over us who will make sure we cannot find our way back.

Barack Hussein Obama is God's judgment on America for our sins, and it is a judgment from which I don't think we shall ever recover. It is obvious, America has forgotten God.

Jesus said the end would come as it did in the "days of Noah". You can see the Ark in front of you, and you can almost feel that first raindrop begin to fall. In your heart you know what's coming. The last days are here, 'judgment slumbereth not.'

"And that, knowing the time, now it is high time to awake out of your sleep." (Romans 13:11)

Until He Comes,
